

Case Study

Medical

Today’s healthcare organizations need the proper strategies and tools to improve their cash flow and reduce their administrative costs.

Key Metrics

Annual Payable Spend

Vendor Enrollment

Annual Rebate

Challenges

The organization needed assistance with managing their cash flow and financial reporting. Their accounts payable process was also very manual, with the company mainly using checks to make supplier payments. This caused time-consuming inefficiencies.

Solutions

By streamlining their accounts payable process and adding electronic payment options, the healthcare organization was able to improve their operational efficiencies and better manage their cash flow. Further, they were able to increase their rebate opportunities.

Benefits

- 1 Increased** rebate opportunities
- 2 Improved** cash flow management
- 3 Increased** operational efficiencies
